

Dear Parents,

The Fire Department and the Red Cross have determined that in the event of a major earthquake schools (as well as other community organizations) could be left on their own to handle an emergency for up to 48 hours. We are trying to assess the resources available near (within walking distance) our program. The following survey will help us create an effective Emergency Preparedness Plan. In case of an emergency, we would like to depend on your services to help at University Temple Children's School. Please complete the form as accurately as possible. Thank you!
